Financial Hardship On Steel

Workers' Families Request Assistance As Strike Affects Defense Program

PITTSBURGH (P) — Philip Murray's striking CIO United Steelworkers are beginning to show signs of financial hardship as the 18-day-old walkout bites ever deeper into the national defense program.

Walter Klis, president of a big steelworkers' local at Jones and Laughlin Steel Corp. in Pittsburgh, says several requests for financial assistance have been received from steelworkers' families.

No Strike Benefits

The powerful union does not provide strike benefits. However, most of its locals are reported in healthy financial condition and ready to aid any hardship cases.

The USW was offered a loan of 10 million dollars by President John L. Lewis of the United Mine Workers. Murray has not commented publicly on the offer but some kind of answer is expected soon. In the 1949 steel strike, Lewis made a somewhat similar offer which Murray did not accept.

Referring to his members, Klis said:

"They're just running out of money. So far we have referred them to state and county welfare groups but we plan to set up our own welfare organization this week."

100,000 Others Idle

In addition to the 650,000 striking steelworkers, more than 100,000 in allied industries have been laid off as a direct result of the strike. Most of the 100,000 are employed by railroads and coal mines, but the crippling strike is also being felt in other fields.

One of the hardest hit sections is Alabama, where more than 25,000 steelworkers and coal and iron miners now are idle. The steelworkers union says there are "hardly any" hardship cases among strikers.

Cut Defense Output

Mullins Manufacturing Company at Warren, O., said it will put production of mortar and artillery shells on a three-day-a-week basis at its Liberty plant in Warren and a division of its Plant 3 at Salem, O.

Ford Motor Company is starting a four-day week for most of its manufacturing operations and assembly plants this week. This will delay plant shutdowns.

Seeger Refrigerator Company at Evansville, N.J., notified workers it will close indefinitely July 3 because of a steel shortage. The company did not say how many workers would be affected.

Union Shop Agreement

In Philadelphia, what is believed to be the first union shop agreement in the basic steel industry was reached between the Midvale Company, which employs about 3,500 workers, and Local 18887 of the AFL Federal Labor Union.

With the union shop, a major issue reportedly blocking a settlement of the dispute between the basic industry and the USW, Midvale employees received a 12½-cent hourly pay boost plus other benefits to bring each worker a package wage increase of from 22 to 24 cents an hour.

Wednesday Has 2nd Highest Water Use Ever In This City

I. H. Reed, president and manager of the Sedalia Water Company, reported Thursday that the second largest day of water consumption in Sedalia Wednesday, with the greatest flow of water from 5 p.m. through 9:30 p.m.

During that period, Mr. Reed stated, the pumps at the local water plant were pumping at a rate of 3,500,000 gallons per day. He said that the heavy consumption was continuing Thursday.

The record day of consumption was set in July of 1951.

Battle Over Germ Warfare Shapes In UN

U.S. Denounces Russia's Latest Move as Fraud

UNITED NATIONS, N.Y. (P) — A full-scale battle over germ warfare appeared to be shaping up in the United Nations today after the United States denounced Russia's latest move as a fraud.

The new Soviet proposal was a request that the U.N. Security Council appeal to the United States and several other countries to ratify the 1925 Geneva Protocol outlawing bacteriological weapons.

Soviet Delegate Jacob A. Malik presented his resolution with a brief, mildly worded speech, carefully avoiding any mention of previous Communist charges that the U.S. had used germ warfare in Korea.

Both delegates and audience — expecting another blast at the Americans — listened in amazement as the usually sharp-tongued Malik made his appeal in soft tones and conciliatory words.

Despite Malik's avoidance of the Korean issue, U.S. Delegate Ernest A. Gross harked back to the earlier Communist charges as soon as he got the floor to reply.

Gross said the Communist charges of germ warfare were part of a campaign of lies and that there was no evidence this campaign had been abandoned. He continued his attack despite efforts of Malik, as the Junes council president, to rule him out of order.

Malik said the proposal which the Soviet government had presented had no relation whatsoever to the Korean question.

Gross charged the Soviet proposal was a fraudulent effort to make the world believe Russia and other parties to the Geneva treaty had given up germ warfare.

The United States, Brazil and Pakistan are the only Security Council members which have not ratified the protocol. President Truman withdrew the pact from Senate consideration in 1947, terminating it an obsolete "paper pledge approach."

Gross said yesterday that the U.S. was in favor of real prohibition of germ weapons, but only under adequate safeguards to make sure there were no evasions of violations.

Dirksen Will Nominate Taft At Convention

WASHINGTON, (P) — Sen. Dirksen (R-Ill.) will make the presidential nominating speech for Sen. Robert A. Taft at the Chicago Republican convention next month, Taft's campaign manager announced today.

Dirksen has served as Illinois manager of Taft's campaign.

Government Asks Strikers To Ship Out Finished Steel

WASHINGTON (P) — The government has asked steel strike leaders to permit the withdrawal of finished steel, needed for military production, from 75 picketed steel mills and warehouses.

D. Kelly Scrutons Leave for Mexico City Convention

Mr. and Mrs. D. Kelly Scruton, 724 West Third, left Thursday for Mexico City where they will attend the Lions International convention which opens June 25. They are making the trip by motor car. Mr. Scruton is a delegate from the Sedalia Lions Club.

Fred A. Kueck Jr., 1123 West Main, and Mal O'Brien, 216 East Broadway, also delegates to the convention from the Sedalia club, plan on leaving Sedalia the first of the week. They plan to go to Kansas City and fly from there to Mexico City.

Mr. Scruton is a past district governor and now international counselor of Lions.

Sen. Taft Offers Vice Presidency To Sen. Knowland

SAN FRANCISCO (P) — The Chronicle said last night in a special dispatch from Washington that Sen. Robert A. Taft had personally offered the Republican vice-presidential nomination to California Sen. William F. Knowland if he would throw his weight to Taft for President at the Chicago GOP convention.

Living Costs Up Near Peak

Rising Food, Rent Prices Send Spiral To Near Record Of Last January

WASHINGTON (P) — The government's latest cost-of-living barometer moved up today under pressure of rising food and rent costs to within a tiny fraction of the record high reached last January.

The living-cost index, measuring prices of food, clothing, shelter and a host of other things, climbed during the month ending May 15 two-tenths of one per cent to 189 per cent of the 1935-39 average. That is 4.1 per cent over the mark of 18 months ago when price and wage controls took effect. The peak figure last January was 189.1.

A million and a quarter rail workers will get an automatic 2-cent wage boost as a result of the latest increase in living costs. Their work contract ties wages to the cost-of-living index and adjustments are made each three months.

Another 100,000 wage earners in textiles, aircrafts and oil refining industries also get at least a 1-cent boost.

Leading the over-all living-cost rise was a boost of four tenths of one per cent in rent across the country. The price of food at the grocery store moved up three tenths of one per cent.

But the price of clothing, of fuel and electricity and of house furnishings all dropped fractionally.

The 2-cent wage boost for the nation's railroad workers goes into effect July 1. The same railworkers three months ago lost a cent-an-hour when the Bureau of Labor Statistics cost-of-living index dropped between January and February. Since April, 1951, the railworkers have accumulated a total cost-of-living wage boost of 12 cents an hour.

Actually, BLS puts out two indexes, one called the new series and one the old series. The new series is the government's official measuring stick but most living clauses are tied to the old old series.

The old series index moved to 190.4 up from 189.6 for the month ending April 15. Rail workers get one cent in wages for each full point movement in the index. The rise from the February index, which was 188.3, old series, thus brings the rail workers their 2-cent increase.

Auto workers are not affected by the index published today. Last month they took a one-cent cost-of-living cut. Their next adjustment may not come until the July index is published in August. Almost all cost-of-living contracts are adjusted only every three months.

Thousands See Over 400 Horses In Rodeo Parade

Thousands of local and out-of-town people lined the streets of Sedalia this afternoon to view the second annual State Fair Rodeo parade, which featured more than 400 horses, several mules, old surreys and a covered wagon.

The lineup on the parade was as follows: Police escort, rodeo riders, who served as flag bearers; music car which took the place of a band, the State Fair Saddle Club, the O'Verlie Boots and Saddle Club, Warrensburg Saddle and Bridle Club, Versailles Saddle and Siron Club, Carrollton Saddle Club, Pleasant Hill Saddle Club and the Bonville Boots and Saddle Club. The final rider in the parade was Guy Peabody, parade marshal.

The parade, which was one of the largest ever presented in Sedalia, moved south on Ohio to Seventh, where they reversed the route and went east to Lamine, north on Lamine to Fifth, west on Fifth to Ohio, north on Ohio to Third and east on Third to Washington, where the group disbanded at 2 p.m. on Sunday.

Some of the feature attractions in the parade were a miniature burro team pulling a buckboard, a covered wagon and small pony on which a monkey was riding.

FHA Allots 14 Housing Units In City

J. Vivian Truman, director of Federal Housing Administration, Kansas City, reports that since the initial allocation and defense housing units for the Sedalia Air Force Base area were distributed to a number of contractors and builders in Sedalia, a total of 17 units have been withdrawn at the request of several Sedalia builders.

"In view of this and the fact that E. M. Stafford originally requested 60 units and was necessarily reduced to 46 rental units as a result of oversubscription of the initial quantity, we are restoring the 60 units to Mr. Stafford, Sedalia, by the reallocation of 14 units (consisting of 11 two-bedroom at a rental not to exceed \$70 per month and three-bedroom at a rental not to exceed \$80 per month) or seven duplex structures in Sedalia for which definite financing was previously arranged."

All remaining projects are being held in abeyance pending financing arrangement before construction can be started.

tract more than 5,000 persons to Sedalia. The basket dinner will be served at Liberty Park at 6 o'clock and the speaking is scheduled to begin at 8 p.m. Speakers will address the large audience from the stage of the band shell.

Every Democratic candidate for county, state or national office, who is present, will be introduced, Watts said.

Already a number of the leading candidates for state offices have indicated they will be on hand for the rally and many more are expected to announce their coming.

All the candidates from Missouri have been given special invitations to be present in order that Central Missouri members of the party will have an opportunity to meet them, visit with them and hear their views.

Senator Kerr is one of the most widely sought after speakers of the Democratic party. He is a former governor of Oklahoma and a leading figure in the national political picture.

Truman Declares Today--

Steel Strike Serious; Ike Still A Friend; Taxes Can't Be Cut

He's Not Running for Office, He Says At News Conference, So He Adds Taxes Should Be Increased, Not Decreased

WASHINGTON (P) — President Truman said today the steel strike is creating a serious situation. Gen. Eisenhower still is a friend of his and no president can cut taxes 15 per cent.

Truman raced through those subjects — and a few others — at his news conference. He said that he isn't running for office, so he can give the facts about cutting taxes. Actually, he said, they ought to be increased in order to meet the deficit.

Sen. Robert A. Taft of Ohio, who, along with Gen. Dwight D. Eisenhower, is a leading contender for the Republican presidential nomination, said yesterday he would put in a 15 per cent tax cut if he became president.

Would Cut Taxes If Could

Mr. Truman was asked if he thought any Democratic president could trim taxes that much. No, he didn't, he said. And if they could have been reduced that much he would have done it.

They could only Republican president slash taxes 15 per cent?

No, Truman said, not unless he wants to put the country farther in the hole than it is.

Eisenhower has not gone as far as Taft in promising a tax reduction but he has said a reduction would be possible in about two years.

Civil Rights — The speech he made at Howard University, in which he went all-out for Civil Rights, reflects his views as to what the Democratic Party platform should contain on that subject.

No New War Urgency

War — There is no new note of urgency to be detected in his warnings about new Koreas, anti-aircraft defense and statements that the international situation is very serious.

MacArthur — The Army is in charge on the decision that Gen. Douglas MacArthur will not violate regulations by delivering the keynote speech at the Republican convention. But the President ducked a direct answer as to whether he approves the Army's decision.

Housecleaning Wives Cause Mine to Close

Picket Big Firm After Dust Brings New Chores Daily

MORGANTOWN, W. Va. (P) — The ladies of nearby Granville, W. Va. (population 1,000) decided on a summer house-cleaning spree yesterday—and as a result:

1. A big coal cleaning plant and two good-size coal mines were forced to close.

2. About 700 men were thrown out of work.

3. Mayor Clinton Cairney had to call a special meeting in Town Hall to calm the ladies down and persuade them to permit the biggest industry in this area to go back into operation.

It was dust from the coal plant that made the ladies so angry. They scooped it up with brooms and dust pans, flicked at it with feather dusters and sucked it up with vacuum cleaners—day in and day out, they said.

Well, they finally got tired of it.

About 40 of them marched down to the Christopher Coal Company's cleaning plant yesterday and set up picket lines.

The men came to work, eyed the determined ladies with embarrassment, then meekly returned home. With the big coal cleaning plant and tipple closed, the company had no alternative but to shut down its Arkwright and Osage mines.

Hastily Harry Myers, field representative for the United Mine Workers, issued an announcement. We have nothing to do with the situation and certainly are in no position to control it, Myers announced. Then he retired from the scene.

That put the problem in the lap of Mayor Cairney.

He opened Town Hall last night and invited the ladies to come in and talk it over.

"I've had to take down my washing as many as three times in one day because of this dust," complained one irate housewife.

"You can't even sit on your front porch or leave your windows up," scolded another.

But the mayor proved to be a master diplomat. He had contacted the company, a subsidiary of Pittsburgh Consolidation Coal Company, he explained.

And Operations Manager Charles Nallier promised to get in touch immediately with the firm that sold them their dust-dispersing equipment and see if something can't be done.

The ladies listened. They were intending to go back to the plant and re-form their lines at midnight when another shift was scheduled to come to work.

But after hearing the mayor, they decided to allow the two mines and the big cleaning plant to resume operations.

But—said Mayor Cairney—if the company doesn't do something to get the situation corrected, I can't even guess what the women will do next.

US Into Red But Not Far As Predicted

WASHINGTON (AP) — The government is going to wind up its year two to three billion dollars better off than it expected. But it still will be deep in the red.

Government experts, speaking privately, said today the deficit—the amount by which the government overspends its income—is likely to be less than \$64 billion when the fiscal year ends June 30. It could be as low as \$5.13 billion.

President Truman, in his budget message last January, figured the government would go in the hole by \$8,200,000,000.

The President estimated total spending would jump 59 per cent above last year due to a huge expansion in rearming the U.S. and friendly foreign countries. But the military expansion hasn't taken place on that scale.

Officials now say spending will fall at least 3½ billion, and possibly more than four billion, below Truman's \$70,900,000,000 spending estimate.

Whatever its effect on Western defenses, this dropoff will much more than compensate for a decline in tax revenues below the expected total.

Taxes are up—as who doesn't know—but they will probably fall some 1½ billion dollars short of the \$62,700,000,000 Truman budgeted.

On the spending side, slower-than-expected military deliveries are likely to continue and to keep outlays for the year beginning July 1 below the \$85,400,000,000 level aimed at by the President. Congress may trim that further by cutting appropriations.

In any case, prospects are that the government's deficit for fiscal 1953 will be scaled down substantially from Truman's \$14,400,000,000 forecast.

Clark Lands Left Punch On Pearson

WASHINGTON (AP) — Drew Pearson has been punched again.

And the man who threw the punch, \$75,000-a-year lobbyist Charles Patrick Clark, says it couldn't have landed on a more appropriate target.

"I feel I'd be unfaithful to my Irish forebears," Clark told reporters, "if I didn't do something."

The one-blow encounter between the columnist-commentator and his critic—who, in turn, had been raked over the coals twice in Pearson's column—occurred after lunch yesterday in the lobby of the fashionable Mayflower Hotel.

Pearson, 54, weighs 175 pounds, Clark, 44, weighs around 180.

There were varying accounts of the incident but they agreed on this detail: one punch was thrown. A straight left. It grazed Pearson's cheek and left a smarting red spot on his neck.

Pearson went to the U.S. attorney's office and swore out a warrant charging simple assault.

Clark arranged to be in court today to answer the complaint. He's a lawyer. He worked for the Truman War Investigating Committee when the present occupant of the White House was a senator. Now he's registered as a lobbyist for the Spanish government.

Pearson said last night he didn't get a chance to return Clark's punch and wasn't sure if he would have, anyhow.

Mrs. Marion L. Manning's Tiny Quads Weigh 2 to 3 Pounds Each

WEYMOUTH, Mass. (AP) — Mrs. Marion L. Manning, 27, is the mother of healthy quadruplets today.

Three boys and a girl were born to her at South Shore Hospital last night. She has three other youngsters.

The first child, the girl, was born at 9:23 p.m., the second at 10:13, and the third and fourth 11 and 16 minutes later.

The babies, all placed in incubators, were reported to weigh between two and three pounds each and to measure about a foot long. Several hours after the last birth, hospital physicians reported their condition as fair.

All four deliveries were described as normal by Dr. Robert R. Ryan, who delivered the babies with the assistance of Dr. Edward J. Howey.

Dr. Ryan said that Mrs. Manning was doing well and will be allowed to sit up today if she feels strong enough.

Mrs. Manning entered the hospital May 24 for a virus infection. She remained there until the births on advice of her husband John, a 35-year-old bus line operator, who explained he did not want to risk a premature arrival without medical attention.

"What would I do if they came while she was at home," he said.

Manning was not at the hospital when the first birth occurred. He had left word with the hospital officials that he would remain at home awaiting a phone call.

His wife went into active labor one hour and 18 minutes before the first birth.

The babies were baptized quickly after birth by the Rev. William J. Commane, a Catholic priest. The first baby, hospital officials said, gave a healthy scream as the water was poured on its head.

Hospital officials described baptism so soon as the "usual precautionary measure." It is often done in premature births.

The infants, due Aug. 15, were nearly two months premature, but physicians explained that such multiple births rarely go full term.

According to medical sources quadruplets occur once in every 680,000 births.

X-rays taken at the time Mrs. Manning entered the hospital in May indicated she would give birth to quads.

Nurses at the hospital said Mrs. Manning "was wonderful throughout. When she was having severe pains early in labor she never murmured."

The spare, white-haired Dr. Ryan said, "It is a great responsibility to deliver so many babies but it is a privilege for a physician, too."

the lobby of the Mayflower Hotel," the columnist said.

Clark said he was bothered by several things. The columnist had written recently that he—Clark—was getting American money for Spain faster than Generalissimo Francisco Franco could spend it. Also, Clark blamed Pearson for helping defeat Sen. Brewster (R-Me.) in Maine's Republican primary election last Monday.

Pearson was pummeled by Sen. Joseph McCarthy, Wisconsin Republican, at the Sulgrave Club in

Marine Corps Gets Strength, Bigger Voice

WASHINGTON (AP) — A group named to iron out differences in Senate and House bills has agreed to strengthen the Marine Corps and give it a bigger voice in military policy.

But the joint Senate-House committee discarded House-approved provisions to make the Marine commandant a permanent member of the Joint Chiefs of Staff and to set a minimum strength of 220,000 enlisted men for the Marines.

The compromise bill was worked out yesterday. It now goes back to both House and Senate for final action.

House Armed Services Committee officials said these were the main points of the agreement:

1. The Marine commandant would sit with the joint chiefs as a "co-equal" on matters affecting the Marines, with the same voice and same right of appeal as other members. He now is an adviser. The Senate bill proposed to give him a consultant status.

2. The maximum strength of the Marines would be 400,000 men, plus officers, and the proposed minimum would be eliminated because no other service has one. The ceiling has been approved by both houses.

3. For the first time, the law would specify the organization of the Marines into three combat divisions and three air wings. These would not necessarily be maintained at full strength continuously. House conferees originally proposed four divisions and four air wings.

Sen. Long (D-La.), acting chairman of the Senate group, said the compromise plan would "insure that the Marine Corps will not be whittled down into small units, the size of a battalion or smaller."

The Senate passed a Marine bill

last year. The House enlarged it with the controversial troop minimum and full Marine membership on the JCS, which led to opposition by some members and from the administration. The Senate conference to iron out differences was the result.

House sources predicted the compromise will be accepted by Congress and the administration.

A demonstration "Mending Ov-eralls on the Sewing Machine" was given by Mrs. Loy Smith.

Mrs. John Campbell showed how

a lamp stand could be made and covered with bright leather.

Mrs. Kenneth Boits read the club history which had been written by Mrs. Floyd Egbert.

The next meeting will be held July 3 at the home of Mrs. Charles Williams.

Members and guests of the Walnut Branch Ladies Aid enjoyed a contributive dinner at the home of Mrs. Cecil Perriguey June 4.

The ladies stemmed gooseberries for the hostess and finished work on the aid quilt top.

Mrs. Ballard presided over the meeting and Mrs. Perriguey gave the devotional.

Mrs. Raymond Dillon, Mrs. Don Dillon and Mrs. Charlie Wyss joined the club.

Narcotics Law Before Next Legislature

JEFFERSON CITY, Mo. — Missouri's next legislature will be asked to approve a broad program to crack down on the narcotics racket.

A special Senate criminal law revision committee headed by Sen. Richard J. Chamier (D) of Moeberry reported today it has prepared a series of 11 bills to modernize and tighten Missouri laws on drug addiction and the handling of narcotics.

One of the major bills extends state regulation to the sale and handling of barbiturate — the sleeping pills used habitually by many persons. If it passes, barbiturates could be sold only on a doctor's prescription. Druggists and doctors would have to keep complete records on their stocks.

The records would be subject to state inspection and illegal supplies of barbiturates could be seized and destroyed like other narcotics.

The special committee also added marijuanna to the narcotics law — along with 11 other drugs recognized as narcotics and habit-forming by the federal statutes.

Drugs or apparatus used to administer them could be seized without a warrant by arresting officers. A "padlock law" similar to the one permitting illegally operated taverns to be closed, also is recommended for places used by drug addicts.

All enforcement officials who testified before the committee recommended that minimum penalties be eliminated for most offenses — to help get convictions before local juries. One of the proposed bills would do away with the minimums for narcotics violations. But it boosts the maximum from seven to 20 years in the penitentiary and calls for a fine up to \$5,000 or both.

Two of the bills are aimed at treatment of drug addicts, although the committee conceded this is a separate field which requires further study.

One would make it possible for a court to appoint a guardian for a drug addict — extending the present law to cover users of the modern drugs listed in the new narcotics act.

The other would make use of narcotics a misdemeanor "to widen the potential scope of treatment and cure of these unfortunate persons." Accused offenders could submit themselves for treatment and escape the penalties.

Aiming at use of drugs by teenagers, the committee had this to say:

"The committee found that instruction in the public schools on the harmful effects of narcotic drugs is at best only casual. It hopes, in cooperation with the state department of education, to find some means to strengthen this instructional program so that it will fulfill the purposes for which it was intended."

That is especially important now the committee said, since marijuanna — often the first step toward drug addiction — would be defined under the proposed laws as a narcotic.

**Truman Warns
GIs Can't Vote
Unless Law Passes**

WASHINGTON —President Truman prodded Congress today with a statement that "close to a million members of our armed services" may be unable to vote this year unless special legislation is passed before Congress adjourns.

The President wrote Vice President Barkley and House Speaker Rayburn urging that Congress

pass legislation to "give early and favorable attention" to soldier-vote legislation now pending in both houses.

He referred to bills introduced by Sen. Green (D-R) and Rep. McCormack (D-Mass.). He said these were in line with a message he sent to Capitol Hill March 28 asking steps be taken to facilitate voting by service personnel and certain federal employees serving overseas.

Truman said a study by the American Political Science Association pointed out the obstacles to soldier voting presented by many state laws.

OBITUARIES

George T. Jenkins

George T. Jenkins, 77, died at the Hospital at 12:30 a.m. Thursday. He had been in failing health the past two years, following a stroke of paralysis and had been a patient at the hospital since Tuesday.

He was born in Pettis County, Feb. 2, 1875, son of the late Robert E. and Sarah Wilson Jenkins. He lived all of his life in the Beaman and Nelson communities, engaging in farming and the retail grocery business.

He was married at Longwood on April 17, 1913 to Miss Nina Conway. They were the parents of three daughters all of whom survive: Mrs. Woodrow Wolfe of Pleasant Green, Mrs. Orville Toliver, Kansas City; Mrs. Frank Martin, Kansas City, Kan., with one brother, R. L. Jenkins, Nelson, and three grandchildren.

Funeral services will be held at Miller's Chapel at 2 p.m. Saturday. The Rev. H. A. Wood of Otterville will officiate.

Interment will be in the Jenkins family lot in the Miller's Chapel Cemetery.

The body is at the Ewing Funeral Home.

Mrs. Ruby Cole

Mrs. Ruby Cole, 37, route 5, Sedalia, died at 4:30 a.m. Thursday at the University of Kansas Hospital, Kansas City, Kan., following a heart attack.

She was the wife of Albert Cole.

The body was brought to the Gillespie Funeral Home to await completion of funeral arrangements.

Dr. Harvey M. Ross

Dr. Harvey M. Ross, 78, formerly of Versailles, died at the home of his daughter, Mrs. Keiffer Lehman, in Red Oak, Ia., on Tuesday.

Dr. Ross was a veterinarian in Versailles for about 30 years before going to Iowa.

He married Miss Lee Bane, Otterville, who preceded him in death.

He is survived by one son, Bane Ross, Versailles; one daughter, Mrs. Keiffer Lehman, Red Oak, Ia., and two grandsons. One son, H. M. Ross, died several years ago.

Funeral services will be held at 2 p.m. Friday at the Methodist Church in Versailles.

Burial will be in the Versailles Cemetery.

The body is at the Kidwell Funeral Home.

Circuit Court

A divorce action of Dorothy Ratcliff against Don L. Ratcliff was dismissed by the plaintiff.

Suit for divorce was filed by Charles F. Curry against Lilly M. Curry, the plaintiff alleging general indignities. The plaintiff is now in the U. S. Army in the state of New York. Bamberg and Bogutski are his attorneys.

The case of Hubert Miller, charged with common assault, goes to Cooper County under a change of venue granted by the Pettis County Circuit Court.

Two divorce petitions were filed in Circuit Court Wednesday:

William I. Allen against Caroline Allen in which petition general indignities were alleged. They were married March 29, 1952 and separated on June 2, 1952. Wesner and Wesner are the attorneys for the plaintiff.

The divorce case of Dorothy Ratcliff against Don L. Ratcliff was dismissed Wednesday by the plaintiff. Wesner and Wesner were the attorneys for the plaintiff.

Law In Steel Strike

WASHINGTON —President Truman said today he is considering use of the Taft-Hartley Act in the steel dispute.

He indicated at a news conference that he has doubts, however, that the 650,000 CI Steelworkers would obey a court order to return to work.

The President said his decision as to whether he will invoke the Taft-Hartley Law will not be influenced by Senate or House action.

The Senate has voted a request that Truman use the law and there are signs the House will follow suit.

Potato Prices

Lead Food Declines

By The Associated Press
Lower prices for potatoes and several fresh hot-weather fruits took the food news spotlight this week. Meat and butter prices were little changed generally. Top grade eggs were up two cents a dozen in scattered sections.

Potatoes dropped sharply as heavy shipments reached terminal markets across the country.

Summer time fruits were reaching market in increasing volume and prices were slipping downward. Cantaloupes were high on the week end best-buys lists of several big chains and independent stores. Watermelons, cherries, blueberries and raspberries also were lower.

GOP Group To Rule On Texas Votes

WASHINGTON (AP)—The Republican National Committee will rule early next month on convention delegate disputes in Texas and six other states—a 72-vote total that could decide a close presidential nominating race.

The committee's ruling, after a hearing to begin July 1 in Chicago, is almost certain to be appealed ultimately to the convention, which opens six days later.

Backers of Ohio Sen. Robert Taft and Gen. Dwight Eisenhower, top contenders for the Republican nomination, have staked rival claims in the disputes. The rivalry was particularly hot over Texas' 38-vote delegation.

Mrs. Charles P. Howard, national committee and convention secretary, set the July 1 hearing date yesterday. She cited a party rule adopted at the 1944 convention and upheld at the one four years later.

The regulation says that convention delegations elected by districts, when contested, are the concern of state conventions or committees. Those named from a state at large and then contested to the national committee for settlement. Appeals in at-large contests can be taken to the convention credentials committee and eventually the convention floor.

Up until just before Mrs. Howard's announcement, the Taft and Eisenhower camps were at sharp odds over how Texas' delegation was put together.

Taft forces had said only six of the 38 delegates were chosen at large, making 32 district delegates. Thus, a decision in these 32 contests would come from Texas state

British Minister Praises UN In Korea

Army and Ike Think Four 5-Star Generals Enough

EDMONTON, Alberta (AP)—Britain's defense minister, Field Marshal Earl Alexander, says teamwork among United Nations forces in Korea is impressive and any British criticism of the war's conduct there is "absolutely unjustified."

Flying in last night from a week's visit to Japan and the Korean front, Alexander told a 10-minute press conference he was "very favorably impressed with the whole layout" in Korea.

machinery, controlled by Taft supporters.

Eisenhower people had contend- ed all 38 delegates were elected from the state at large. They said all 38 disputes should go before the national committee.

Sen. Taft himself, in a statement yesterday, agreed in effect with this latter viewpoint. So did Mrs. Howard when she issued her decisions a few hours later.

Taft said:

"I would welcome this treatment because the issues in that case have been so completely misrepresented by the Eisenhower press that I hope they will be thoroughly examined in Chicago."

Eisenhower backers in Texas had no immediate comment.

The 34 other disputes involving at-large delegates accepted for settlement by the national committee include 18 in Florida, six in Louisiana, four each in Georgia and Mississippi and one each in Missouri and Kansas.

Kefauver Feels Ike or Taft May Mean Isolationism

CLEVELAND (AP)—Confident he will win the Democratic nomination, Sen. Estes Kefauver says if either Eisenhower or Taft reach the White House, isolationism will dominate the Republican party.

Scheduled for appearances in Detroit today, the Tennessean was here yesterday for a speech and a round of news conferences.

The Taft-Hartley Act was his main target in his address at the convention of the CIO Communications Workers of America.

Kefauver said he might be nominated on the first ballot, but it was more likely to be the fifth or sixth ballot. He estimated he has more than 300 convention delegates committed to him. For nomination, 616 votes are required.

The four generals of the Army and four fleet admirals of the Navy have been given their high ranks by special acts of Congress. Seven of these were appointed during World War II and one through another special act of Congress last year.

A fifth star for Ridgway would raise him in rank to a par with several of his European deputies, including Britain's Field Marshal Viscount Montgomery.

In addition to Eisenhower, the Army's five-star officers are Douglas MacArthur, George C. Marshall and Omar N. Bradley.

The Navy's fleet admirals are William D. Leahy, Ernest J. King, Chester W. Nimitz and William F.

His Order Mistaken, But He Leaves \$531 Tip for the Waitress

ORANGE, Va. (AP)—The well-dressed stranger who walked into the local restaurant "just had to have corned beef."

When the waitress brought him a hamburger steak instead, he took a couple of bites and departed—leaving behind a \$531 tip.

That's the story blonde Mrs. Viola Devivi, 22, told police here last night. And it's the story that officers scurrying all over this Central Virginia town trying to find the mysterious stranger.

Two customers, who were not identified, told police they saw the man empty his pockets and hide the tip under a plate before he left.

Police say they'll hold the tip for a year and then if it's unclaimed it will go to Mrs. Devivi.

Odds and Ends By News Staff

A woman was planting some dahlias this year for the first time and didn't have the slightest idea how to plant them, so she dug a hole and stood them on end.

Down town she met another woman who had just planted some dahlias tubers, too, and it was also her first experience, but she had planted them horizontally as they should be planted. The two talked it over and decided that the first woman was right so the other woman went home, dug her's up and planted them on end.

Then the first woman found out that was the wrong way to plant them so she dug her's up and planted them horizontally. She waited what she thought must be plenty of time for them to come up—but they weren't up—so she dug them up again to see what was the matter with them.

There wasn't a thing in the world wrong with them—all they wanted was to be left in the ground long enough to push through. —H.L.

"Come on" said a woman to her five-year-old nephew as she gathered up a few things after dinner at his home. Let's take these things out to the trash burner."

"What's a trash burner?" asked the youngster.

"Oh this place out here where you burn things," replied the auntie.

"That's not a trash burner," said the child. "That's an incinerator."

—H.L.

Daddy went fishing and brought home a nice mess of perch. They looked mighty good to mommie and daddy and they were all set for a fish dinner.

But the fish were perch and perch are small fish—much smaller than the three-year-old daughter had been used to seeing. So, with a broad smile on her face, she exclaimed, "Baby fish."

That was too much for her parents, they just couldn't eat the baby fish, so daddy took them over to his mother. —H.L.

Looking Backward

TWENTY-FIVE YEARS AGO

James F. Maroney, Houston, Tex., who had been attending a convention of music dealers in Chicago, was here visiting relatives after a visit to Detroit to secure a new automobile.

H. L. Terry announced the Terry Hotel on East Second and the annex were to undergo improvements to the extent of about \$50,000.

Harry Welch, manager of the Liberty Park swimming pool, Saturday morning had as guests at 9 o'clock 75 members of the Sedalia Boys Band for a plunge in the pool.

Probed RCA

But a few days later, new Attorney General McGranery took over called in Morison on another antitrust matter, this one involving an administration pet — The Radio Corporation of America. David Sarnoff, head of RCA, which controls National Broadcasting Co., is the man who gave Margaret Truman her radio contract. He has carried such weight at the White House that, during the visit of the Prime Minister Clement Attlee, the President suspended his conferences, kept the Prime Minister waiting while he had a long luncheon with Sarnoff and Margaret.

New Attorney General McGranery questioned Morison about the RCA case shortly after he took office. McGranery was discreet, but Morison, paying no attention to this relationship, had called a grand jury to investigate certain RCA practices. RCA, in turn, has hired the lawyer closest to the White House, Clark Clifford.

Theodore Shelton, owner of a large tract of land in Hedgesville township, awarded a contract to W. W. Hocker for erection of a modern 8-room residence at a cost of \$12,000.

FOURTY YEARS AGO

Sam M. Jordan, manager of the Pettis County Bureau of Agriculture, and an expert on corn culture, left for Muskogee, Okla., to address an assemblage there of eastern Oklahoma farmers.

"Mike" Orrison, a former Sedalian, later of Kansas City and "Billy" Anderson, St. Joseph, were in a fast boxing exhibition before the Young Men's Democratic Athletic Club, going ten rounds to a draw.

C. E. Barnett, a secret service man at St. Louis and former Sedalian, was here for a visit with relatives.

The McNulty property, northwest corner Third and Washington, was purchased by Farley Bros., the site to be utilized for a monument works. The 12-room brick house there was to be razed.

W. B. Taylor prepared to leave for LaSalle, Ill., with his string of race horses to open the season.

Justice Department Official Opposed Monopoly, Was Fired

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)

WASHINGTON — There was better keep away from the Natural Gas Lobby.

They accuse him of being the hidden wire puller trying to block the confirmation of Tom Buchanan as chairman of the Federal Power Commission because Buchanan was the only man who stood up against Kerr and the Gas Lobby when it came to removing FPC supervision over gas producers.

Buchanan, who has fought the Gas Lobby every inch of the way, was reappointed to his job in May. But for mysterious reasons a subcommittee headed by O'Connor of Maryland has delayed action until this week, when, after a month of stalling, it finally opened hearings—though it may be too late.

Buchanan's term expires this week end, and unless the Senate acts today or tomorrow, the man who put up the chief battle for the housewife and other gas consumers will be out of his job.

However, he was the object of an intercabinet argument a short time ago which involved the Secretary of Defense and the Giant American Telephone and Telegraph Co., whose former chairman, Walter Gifford, is now U. S. Ambassador in London.

Morison has been pushing a vitally important antitrust case against A. T. & T. and its wholly-owned subsidiary, Western Electric. And shortly before McGranery became Attorney General, Secretary of Defense Lovett asked the acting Attorney General, Phil Perlman, to drop the case. Perlman argued that the Bell Laboratories, also owned by A. T. & T., could not cooperate properly with the Defense Department if A. T. & T. were under antitrust investigation.

But when Perlman asked Morison to drop the case, Morison rebuked him: "That's the same baloney that every big business firm brings in when they get in a tight place," the Assistant Attorney General remonstrated. "They appeal to the Army or Navy, or the Army or Navy, knowing nothing about monopoly, go to bat for them. That's what they did during the war, and that's what they are trying to do now."

Cabinet Appeal "But this is a request from a member of the cabinet," Perlman urged. "It impairs my personal relations with Lovett if I can't cooperate."

"Listen, brother," replied Morison, a tough ex-marine, "neither you nor Lovett seems to understand what fixes telephone rates. Telephone rates are fixed on the basis of the cost: If the telephone company can show that its equipment is high, it can persuade the United Nations-sponsored government Public Service Commissions to increase rates.

All right, A. T. & T. is the sole owner of Western Electric, all the

other national assemblymen, political opponents of President Syngman Rhee.

Hardly had the closed trial begun but a few yards from the drab courtroom, adopted a resolution, 84-0, urging Rhee to open for less. But it doesn't. It buys at a high price from its own company so it has an excuse to hike phone rates.

"That's what this antitrust suit is about," concluded Morison, "and I'll be hanged if I'm going to drop it. Secretary of Defense or no Secretary of Defense."

Perlman, having received a full explanation, agreed, backed up Morison 100 per cent.

Chiefs' Lead At Stake Here Friday Night

The Sedalia Ban Johnson Chiefs will clash with the Brookfield Bombers Friday night at the Liberty Park diamond. The Chiefs will be shooting for their fifth straight win to make it a 7-1 league record for the year.

In the first game between the two clubs, the Sedalians won by a 9-1 score, but the game was better than the score showed as it was 3 to 1 until the first half of the seventh when the Chiefs rallied for five runs. They picked up their other run in the top of the ninth.

Manager Bob Brown will be on the hill for the home team as he will tangle with the right handed throwing of Bob Preston, one of the Bombers' aces. Manager Brown will be out to take this game as it moves his team closer to clinching the flag for the first half of season play. Mexico, who is runner-up, has a five and two record in league play and every game the Chiefs win it makes it rough for Mexico to pick up the ninth.

Marty's Brownies Win 5 of 8, Get On Heels of Loop Leaders

By JACK HAND
AP Sports Writer

If Marty Marion is handling his St. Louis Browns with kid gloves, it seems to be the right system.

Since Marion took over as Rogers Hornsby's successor, the Browns have won five of eight, including their last four in a row. Only eight games off the pace in the muddled American league race, they still can raise hob with the leaders.

Marion's secret weapon appears when Mr. Shortstop is on the job. The Browns' infield plays with first division gusto. When he is on the bench, they don't make the big plays.

Checking back through the statistician's bulky files, you find a startling form change in the Browns. With Marion playing shortstop, not just appearing as a

pinch runner or a part-time player, the Browns' record is 21-18. Without Marty it's 6-13.

The old master came through last night with one of his specials—a drooping single that barely dropped safely along the right field line. Marion's hit followed Dick Kryhoski's leadoff double in the last of the ninth to give St. Louis a 4-3 win over Boston.

In addition to knocking home the winning run, Marion chipped in on two of three St. Louis double plays that helped Duane Pillette get home with his sixth win. Pillette scattered 11 hits while the Browns made nine off rookie Bill Henry add up to victory.

Up front in the league, the New York Yankees widened their lead to 2½ games over the Red Sox by turning on the home run power at Detroit in a 10-6 crusher. Gene Woodling, Billy Martin and Yogi Berra blasted Art Houtteman, the ex-soldier, for his eighth straight knockout.

Washington shovels slumping Cleveland down a peg to fourth place, behind idle Chicago, with a 3-2 decision for Spec Shea, his first win since May 16 and a six-hitter at that.

Brooklyn and New York continued to pull away from the field in the National as the Dodgers nipped Chicago, 6-5, scoring the winning run in the 10th without a hit, and the Giants thumped Pittsburgh, 5-2, with Bobby Thomson rapping four hits, including two homers.

Solly Hemus and Stan Musial teamed up on the offense while Joe Presko set down the Phillips with five hits for a 7-1 St. Louis Card victory that pulled them up 11th straight victory and 12th of the season against only one defeat.

Cincinnati knocked off the Boston Braves in both ends of a twin-night doubleheader, 7-6 and 3-1. In the second game, Kenny Raffensberger overcame 11-strikeout pitching by Warren Spahn to cop his eighth.

He is only 5 feet 7 inches tall and is listed at 150 pounds, a weight-in that must have taken place after he had eaten a steak and drunks three malted milks.

In fact, Shantz is so small to be a big leaguer that three years ago the story goes that he and another youth tried to gain admittance at Cleveland's Municipal Stadium as ball players but were refused by a disbelieving gatekeeper.

"My knuckle ball is my most effective pitch when it's working well," says Shantz, who has a little bit of everything—a sneaky fastball, a good curve, a chance of pace and a slider.

"When I broke into organized ball with Lincoln of the Western League four years ago I was told to quit trying to throw a knucker. They said it was too much strain on the arm for a young fellow."

Shantz said he took the advice. He won 18 for Lincoln that year. In 1949 he was a six-game winner for the Athletics and had an 8-14 record the following season. Last year he carved an 18-10 mark.

"They were knocking me around pretty good early last season," Shantz recalls. "So I decided I had to do something. I went back to the knucker. Mr. Dykes (Manager Jimmy Dykes of the A's) told me to throw it if I had confidence in it."

The following boys have been assigned to teams in the western division of the Minor Leagues: Leroy Cole, team five; Melvin Briscoe, team five; Freddy Thompson, team six; and Sterling Robinson, team eight.

Low Scoring Is Feature Of PGA Play

LOUISVILLE (AP)—They've played the PGA Championship on all kinds of courses since its inception in 1916 and they don't toughen them up with extra traps, jungles of rough or superslick greens as they do for the Open.

The result is the kind of scoring that took place over Louisville's Big Spring course yesterday when they turned loose 137 of golf's best professional shotmakers to try for the 63 places in the match play brackets.

One of the "unknows," tall lean Bob Gajda, went out early in the day and posted a 6-under-par of 66. The rest threatened that score and the course record all day but couldn't beat either.

There were three 67s, five 68s and three 69s and going into today's second 18-hole qualifying round it looked as if the ones who couldn't match par for 36 holes wouldn't get into the first of tomorrow's "sudden death" matches.

The arrow indicating the 64th man on the scoreboard pointed at the middle of the 73s at the end of the first day.

Among those who looked as if they might not make it were Ed (Porky) Oliver, runnerup to Julius Boros for the Open title last week; Denny Shute, the last player to win two PGA titles in succession 15 years ago; and Charlie Bassler, a giant-killing semi-finalist in last year's tourney. They all had 75s. Former Open Champion Lew Worsham and Buck White shot 76s.

Behind Gajda, a 35-year-old assistant pro at Detroit's Oakland Hills Club, came two tournament stars, Cary Middlecoff and Dutch Harrison, and stay-at-home Jackie Graves, 129½, Austin, 10.

PHOENIX, Ariz.—Charlie Salas, 151, Phoenix, outpointed Willie Vaughan, 155, Los Angeles, 10.

Ben Hogan Gets Near a Tie With Immortals And Loses

NEW YORK (AP)—If Ben Hogan had won his fourth Open championship, we are willing to abandon the battle before it might have begun. We have been reading up on Jones and Hagen in Gene Sarazen's book "Thirty Years of Championship Golf," and the squire has swayed us. There is a sneaking feeling that either Bobby or Walter, given the advantage Hogan held at the halfway point at Dallas, would never have let it get away.

It seems doubtful that Hogan will have another such chance at his fourth Open crown, the one which would irrevocably have set him in a class above the others of the modern group. Ben, like his chief rivals of the past decade, is crowding 40, and next year they are inaugurating a 36-hole qualifying test on the two days preceding the Open to take the starch out of ageing limbs.

If it is, indeed, the end of some sort of era, then the reader may be interested in Sarazen's estimate and ranking of the players he has seen in his long and brilliant career.

Gene places Jones and his sometime bitter rival Hagen on an absolute par. They were, he says, the greatest—Jones with his four U.S. Opens, three British Opens, five U.S. Amateurs and one British Amateur; Hagen with his four British Opens, two U.S. Opens and five PGA crowns.

In his second group Sarazen rates equally Ben Hogan, Sammie

Snead, Byron Nelson, Tommy Ar-Smith, Craig Wood, Denny Shute, Francis Ouimet, Jim Barnes, Henry Picard, Bobby Locke, Willie MacFarlane, Jock Hutchison, Ralph Sarazen's third group contains Guldahl, Johnny Farrell, Chick Jolley, Demaret, MacDonald Evans, Olin Dutra and Leo Diegel.

Velma Powell To Europe This Month

By Mrs. Myrtle Yarnell

CLARKSBURG — Capt. Velma Powell, New York, is visiting her parents, Mr. and Mrs. Joe Powell and relatives in Kansas and Joplin. She will sail the latter part of June for Europe. She and her parents visited at Campionton in the home of Mr. and Mrs. Norman Wingate for several days this week.

Mr. and Mrs. Charles Winebrenner left Monday for Tucson, Ariz., for an indefinite stay. Mr. Winebrenner is troubled with asthma and they hope the climate will help him.

Mrs. Floyd Snodgrass spent last week at Moberly visiting her daughter, Mr. and Mrs. George Birdsong and son.

Mrs. Tom Vaughan is now in California staying with Mrs. George Howe.

Henry Dahlstein received word that his cousin, Emil Dahlstein of McGirk was accidentally killed Saturday morning by his tractor.

Twenty-eight children were enrolled in Bible school. The school closed Friday with a picnic. A program was given Sunday and the articles made by the children were on display. Convict, Who Had Operation To Stop Crime, Back In Jail

PITTSBURGH (AP)—A 43-year-old man who has spent half his adulting, "I am not talking about anything—but who won a voluntary three years ago after voluntarily submitting to a delicate brain operation to curb his 'urge to steal' — is back in jail.

Millard F. Wright refused to discuss his case after he was arrested for questioning in connection with a string of jewelry store burglaries.

When detectives asked him if the brain operation had been successful he shrugged and replied, "With me it wasn't."

Detective William Harris arrested Wright last night after apprehending Regis Splane, 44. The officer said he picked up Splane's trail during a routine pawn shop check which turned up a watch listed as missing from an Indiana, Pa., jewelry store.

Splane said he had bought the watch from Wright. Shortly afterwards, Harris said, Wright appeared at Splane's residence carrying a bag containing several watches and electric razors.

Both men were booked on open charges pending further investigation.

Monkey Business Good

NEW DELHI (AP)—Monkey business is good in India. And most of it is in dollar income.

Export statistics for 1951 list

sales of monkeys worth \$127,000 to

buyers in the United States, an in-

crease of \$27,000 over the previous

year.

The average an Indian monkey

brings \$5.50 in American markets

where they are in heavy demand,

largely for medical research.

The animals are trapped in various

sections of India where the supply

is virtually inexhaustible and flown

to the United States in special cargo planes.

Fringe TV Improved

NEW YORK (AP) — Improvements in both antennas and receivers has enabled the reception of television programs in areas heretofore regarded outside the normal range of a transmitter. Increased station power also has been a factor.

However, it is the antenna which helps the most in what is known as the "fringe" areas. In such zones these often are elaborate affairs, hoisted many feet in the air so that the maximum amount of energy can be picked up.

Moscow Cotton Projects

MOSCOW, (AP) — Pushing ahead to increase cotton production the Soviets this year report the plant of nearly a million acres of newly irrigated land in the southern Ukraine. All of the central Asian republics of the Soviet Union are growing some cotton.

This year, with the construction work on the Kakhovka hydro-electric power station and the South Ukrainian Canal, about 400,000 hectares of land will be irrigated and planted in cotton.

Fossil shell remains have guided geologists almost since the study of geology began.

B. A. Fisher Heads Local Saddle Club

The State Fair Saddle Club of Sedalia held its regular monthly meeting June 16 at the courthouse at which time the president of the club, Lloyd Kirkpatrick, resigned and B. A. Fisher was elected to fill the vacancy.

The resignation of Noel Killion, parade marshal, was also accepted and a new parade marshal will be appointed at the next meeting.

The chuck wagon committee is arranging for a covered wagon for the club.

Joe Ruddick, manager of the Fox Theatre, invited members who participated in the recent publicity parade to be his guests on July 15, and they will be admitted thru their membership cards.

The club will present a drill in front of the grandstand on Sunday afternoon at the rodeo.

The next meeting will be held on the third Monday, July 23, in the assembly room of the courthouse at 8 p. m.

Members of the Saddle Club whose names were omitted in the recent article on the history of the club are: Duane Ewing, C. M. Seller Jr., Mr. and Mrs. Bishop Ream, Mr. and Mrs. Roy Ream, Mr. and Mrs. Howard Direk, J. W. Newland and Glenn Kirkpatrick.

Mulcaheys Head State Cooties And Lady Bugs

At the state encampment of the Grand Military Order of Cooties and Royal Circle of Missouri Lady Bugs, which was held in Cape Girardeau, June 14, C. A. Mulcahey, 402 East Third, was elected grand commander of the Cooties and Mrs. C. A. Mulcahey was elected royal lady gold bug (president of the Royal Circle of Missouri Lady Bugs).

Other delegates from Sedalia attending were: Ernest Crum, junior vice-commander of Put 'n Take Pup Tent No. 12, and W. S. Arterburn, past grand guard; Mrs. George Ricks, lady gold bug of Put 'n Take Circle No. 12, Mrs. Ernest Crum, Mrs. Earl Evans, Mrs. Beanie Siegel and Mrs. Ona Burk.

The next state encampment will be held in Joplin.

Sheppard King Trying to Break His Mother's Will

HOUSTON, Tex. (AP)—Sheppard W. (Abdullah) King and his 18-year-old sister plan a court fight to break their mother's will and split the \$2-million-dollar estate half and half.

King said yesterday that both he and his sister Patricia don't want to have to wait several years before they get the principal of the estate from oil royalties and other properties.

King incurred his mother's wrath last fall when he wed and married Egyptian dancer Samia Gamal in a highly publicized romance. Mrs. Bonner King died Sunday. In her will, filed yesterday for probate, the son was left one-fourth of the estate and his sister three-fourths.

"Patricia wants to give me the other fourth," he said. "There is no argument there."

The will was signed Nov. 27, 1951, two days before King married Samia. He said after his mother became reconciled to Samia he was sure she would have changed the will back to a 50-50 division but that she was too ill to do so.

Gardner of Warsaw Shows Old Mementos

M. Gardner of Warsaw, route 2, visited The Democrat-Capital office this week with two mementos of which he is proud. One is an English money scale which his grandmother brought from her native country when she came to America in 1850. The other is a gnarled old sycamore root.

The money scale is made in a small case which folds up neatly and is in excellent condition. It is more than 100 years old, Gardner says, and is a family heirloom.

As for the sycamore root, bent and curled, he has no idea of its age. It was given to him years ago and he has painted it a light shade of blue and uses it as a decorative piece at his home.

Mr. and Mrs. Charles Shelby and daughters of Perryton, Tex., were guests Friday of her aunts, Mrs. Nannie Payne, Mrs. Mote Haggard, Mrs. Alva Hunter and Mrs. Walter Jones. Mr. and Mrs. Shelby were enroute to their home from Abilene, Kan., where they visited friends and attended the Eisenhower celebration.

Lester Johnson, Mrs. Vincent Brockman, Miss Doris Johnson and Oscar Hoefer attended the marriage of Mr. Johnson's niece Miss Betty Nave, daughter of Mr. and Mrs. Henry Nave of Marshall and Mr. Donald McLean, Cambridge, Mass. The wedding took place at the First Baptist Church in Marshall Saturday.

Mr. and Mrs. Leslie Elsea and children, St. Louis, and her mother Mrs. Maude Johnson, returned Thursday evening from a trip through Kansas, Arkansas and Oklahoma, where they visited the Will Rogers Memorial and the Shepherd of the Hills country. They also visited his sister Mrs. Maude Scott and family of Akeene, Okla.

The Rev. and Mrs. H. M. Schreiner, Concordia, parents of Mrs. Herman Reinwald, Sweet Springs, celebrated their golden wedding anniversary at their home Sunday with only their children with them. Those present were: Mr. and Mrs. Alfred Schreiner and daughter, Sedalia; the Rev. and Mrs. O. C. Schreiner and son, Detroit, Mich.; Mr. and Mrs. Herman Reinwald and daughter of Sweet Springs, Mr. and Mrs. Harold Vogt and daughter, St. Louis; Mr. and Mrs. T. G. Schreiner and son of Houston, Tex.; Mr. and Mrs. W. L. Schreiner and children, Dallas, Texas.

Mrs. M. E. Scott went to Nelson Sunday for a week's visit with her daughter, Mrs. John Treese and family. Merrill Elson and daughters of Mafifi are visiting her mother Mr. and Mrs. E. A. Daniel. Hugo Elsner is spending his vacation at Salem, Ark., with his brother Harry Elsner.

Mr. and Mrs. J. C. Schooley and children, Odessa, visited here Sunday.

Mr. and Mrs. Paul Hoffman and son left Sunday for a vacation in the Ozarks. They will visit her sister, Mrs. Louis Klosterman and family, Russellville, Ark.

Mrs. A. E. Stuerke returned home Sunday after a week with her daughter, Mrs. W. K. Wagner and family in Kansas City.

Mrs. Irvin Hoffman and daughters were guests of her sister Mr. and Mrs. Edwin Fischer, St. Louis Thursday.

Mr. and Mrs. Clay Parsons, St. Louis, are visiting his parents Mr. and Mrs. Marshall Parsons.

WHO HAS POTATO WORRIES? — Not Carl B. Mitchell, of Rock Island Village, Fort Lauderdale, Fla. The 11-pound sweet potato he's preparing to demolish should last him for some time. A smaller, seven-pound spud was delicious, says Carl.

Smith Felton Finds Many Old, Interesting Things In Attic

Attics have a way of becoming cluttered with all sorts of things and then one day the family who has, for no good reason, saved things over the years sells the house and somebody else finds unusual things, interesting things, even valuable things in the attic.

It's just like the family who had an attic and a basement, one year they would clean the attic and move everything to the basement.

She lived in California and had a very small apartment—there was no accumulation in her house because there was no place to accumulate—so auntie made a cleaning. "Oh, no," they said, when auntie tossed this precious thing and that treasured piece of junk out the window onto the driveway to be hauled away. But out they went, and there is no longer a parade from basement to attic or the other way around in the spring.

There evidently was no auntie in the home that was purchased not too long ago by Smith Felton, who is employed at the Cash Hardware Store, for the attic was full of things, among them being old papers that dated way back to 1874.

One of the papers was "The Sedalia Opinion" published in October before election.

Everybody way back when the people were not pleased with how things were going and, thinking the Democrat and the Republican parties were both wrong, started one of their own, "The People's Ticket."

Heading the state "People's Ticket" was William Gentry of Pettis County for governor.

On the county ticket were Judge John M. Sneed, representative; William Hoffman, circuit clerk; R. H. Moses, county clerk; J. D. Crawford, county recorder; Samuel B. Hoss, treasurer; J. G. Sloan, public administrator; and W. H. Evans, coroner. There was no one listed for probate judge.

It seemed that the People's Ticket was composed of both Democrats and Republicans.

Most of the paper was devoted to the political campaign.

Local ads included D. T. Abell, M.D., and Dr. B. F. Hughes, physician and surgeon.

The inside pages were ready

daughter Mr. and Mrs. William Maughan and son.

Mr. and Mrs. Phil St. Martin and children of Plainville, Kan., arrived Saturday. Mr. Martin will attend summer school at Missouri University. His wife and children will spend the summer with her mother Mrs. Gertrude Crockett and her sister Mrs. Warner Vogt and family.

This is apparently the first step in the government's bid to wipe out corruption, which the commission of police recently admitted existed in all government departments and the police and customs forces.

5 Ship's Pilothouse in Museum
MYSTIC, Conn. (P)—The name of the good ship *Miranda* has been snatched from oblivion.

It was once steam-powered oyster boat operating along the rocky Rhode Island coast. Later she became a tug boat.

Then came the day when it appeared that nothing more could be done with the *Miranda*. They hauled her to a landing in the Thames River, destined to be forgotten.

But part of the *Miranda*—the pilothouse—now rests at the Mystic Marine Museum in the company of proud ships of the past.

In 1951, the average yield per acre for cotton in Arizona was 740 pounds, the highest of any state in the nation, says the National Geographic Society.
